

Registered Offender Information

607.1 PURPOSE AND SCOPE

This policy establishes guidelines by which the Alsip Police Department will address issues associated with certain offenders residing in the jurisdiction and how the Department will disseminate information and respond to public inquiries for information about registered offenders.

607.2 POLICY

It is the policy of the Alsip Police Department to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

607.3 REGISTRATION

The Investigation Unit Supervisor shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Employees assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the Illinois State Police (ISP) (730 ILCS 150/8; 730 ILCS 154/45).

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register.

607.4 CONTENTS OF REGISTRATION

The Investigation Unit Supervisor shall assign a detective to reasonably accommodate registration. The assigned detective will (730 ILCS 150/3; 730 ILCS 150/8; 730 ILCS 154/45):

- (a) Obtain proof of identity and residency.
- (b) Conduct a criminal history check.
- (c) Utilize the appropriate ISP Offender Registration Form to process registration and obtain the offender's signature on the completed form.
- (d) Photograph and fingerprint the individual.
- (e) Provide the offender with a registration receipt.
- (f) Enter registration information into Law Enforcement Agencies Database System (LEADS).

607.5 MONITORING OF REGISTERED OFFENDERS

The Investigation Unit Supervisor should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

- (a) Efforts to confirm residence using an unobtrusive method, such as an Internet search or drive-by of the declared residence.
- (b) Review of information on the ISP website.
- (c) Contact with a registrant's parole or probation officer.

Any discrepancies should be reported to the assigned Investigation Unit detective.

The Investigation Unit Supervisor should also establish a procedure to routinely disseminate information regarding registered offenders to Alsip Police Department personnel, including timely updates regarding new or relocated registrants.

607.6 DISSEMINATION OF OFFENDER INFORMATION

Employees will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Employees who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on registrants should be directed to the [Illinois Sex Offender Information website](#) or the Alsip Police Department's website.

The Records Clerk shall release local registered offender information to residents in accordance with applicable state law and in compliance with a Freedom of Information Act request (730 ILCS 152/120; 730 ILCS 154/95).

607.6.1 RELEASE NOTIFICATIONS

Registrant information that is released should include notification that:

- (a) The offender registry includes only those persons who have been required by law to register and who are in compliance with the offender registration laws.
- (b) The information is provided as a public service and may not be current or accurate.
- (c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.
- (d) The crime for which a person is convicted may not accurately reflect the level of risk.
- (e) Anyone who uses information contained in the registry to harass registrants or commit any crime may be subject to criminal prosecution.
